Description of the Change

Cree is making a change to use a new cover tape for the LED series listed in Table 1. The cover tape dimensions have not changed. The current and new carrier tape appearance differences are shown below:

- CLM2 series (except CLM2D-RPC/CLM2D-APC), CLP6 series, C/Q/SLV6 series, C/QLS6 series & QLU6 series cover tape appearance:

Current

New

2. C/S/QLX6 series cover tape appearance:

Current

New

3. CLM2D-RPC/CLM2D-APC series & C/S/QLQ6 series & CLR6 series cover tape appearance:

Current

New

Reason for the Change

This change standardizes the cover tape for the above series LEDs.

Change Impact on Form, Fit, Function, or Reliability

This change has no impact on the form, fit, function, or reliability of the series LEDs listed above. The application of this new cover tape will serve the same purpose as the original one. Customers may begin receiving the affected product with the change 90 days after the PCN Issue Date. Customers may receive both new and previous cover tapes in the same shipment until Cree’s inventory of LEDs on the previous cover tape is depleted. No customer action is required. This product change affects neither the order codes nor the bin codes.
